

This architectural home captures both farmhouse and colonial styles with its use of shingle roofing over a classic roofline, joinery detailing and small overhead windows. Inside, the master is positioned separately from other bedrooms with the kitchen centred in the hub of the home. Room arrangements allow for multiple outdoor spaces making this a perfect home for a larger property. If you're looking to build something substantial on a lifestyle section, this is a real contender.

Floor Area: 240m²
